Detailed Action

Examiner's Amendment

The application has been amended as follows:

Claim 11: change “according to claim 11” to “according to claim 1”

Reasons for Allowance

1. Claims 1-4 and 6-14 (renumbered as (1-17) are allowed.
2. The following is an examiner's statement of reasons for allowance:

This application is for a disk cartridge.

- **Claim 1** specifies a disk cartridge which requires:

“...a two-way forcing mechanism to force the shutter member toward any one of a direction to cover the write and/or read opening and a direction to uncover the write and/or read opening.”

These features, in combination with the other features of Claim 1, are not anticipated by, nor made obvious over, the prior art of record.

- **Claim 12** specifies a disk cartridge which requires:

“...a return helical spring including a first coil portion formed at the middle thereof and from which a pair of arm portions extends, a second coil portion provided at the free end of one of the arm portions and which is supported pivotably on a part of the cartridge body, and an engagement portion bent at the free end of the other arm portion to have a generally horseshoe-like shape and whose portion extending from the second arm portion and/or portion bent parallel to the extension portion form a predetermined angle with the extending direction of the other arm portion, the engagement portion being engaged in the engagement hole formed in the shutter member, whereby the shutter member is forced in any one of directions to cover the write and/or read opening and uncover the write and/or opening.”

These features, in combination with the other features of Claim 12, are not anticipated by, nor made obvious over, the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
